

# Coral Bookmakers Review - Reaping The Benefits

There are plenty of online bookmakers' websites out there for you to choose from. Whatever your personal preference - whichever game, sport, or other betting disciplines you like - there's bound to be something out there for you. One of the most popular bookies in the UK is undoubtedly Coral, which was established by Joe Coral (yes, that's really his name) way back in 1926. Coral quickly grew to become a national sensation, and today it's one of the most popular online and high street bookmakers around.

That said, how well does Coral stack up against its competitors? What does Coral offer that its competitors don't? Why, in a nutshell, should you opt for Coral if you're looking to place a bet online or in one of its many UK high street stores? This review will shed some light on that question. Coral offers many advantages and excellent incentives, and we're going to take a look at just some of those options today. Here's our honest review of Coral, broken down into the categories you should be thinking about.

## Design

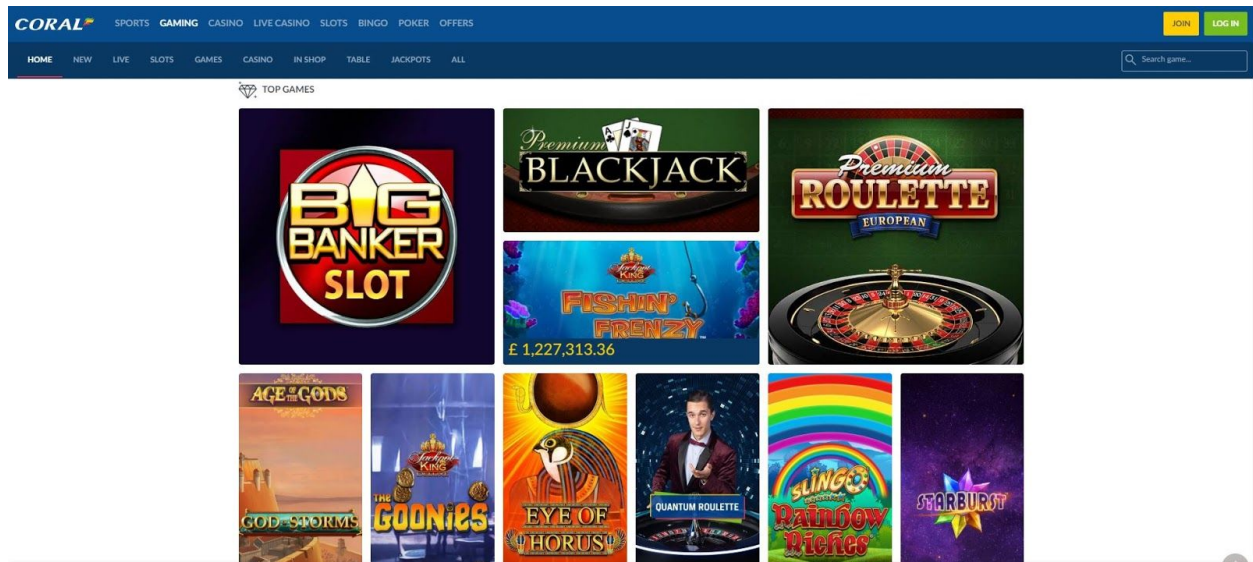

Coral's design is a pleasing mixture of old-school web aesthetics and modern sensibilities. The landing page is absolutely packed with information; you'll see the sports you can bet on, some of the rates you can expect, and upcoming matches with different odds listed for different bets. On the whole, Coral's design is fairly easy to

navigate and relatively pleasing to the eye, although it might be a tad busy for those who are just looking for something simplistic and straightforward.

6/10

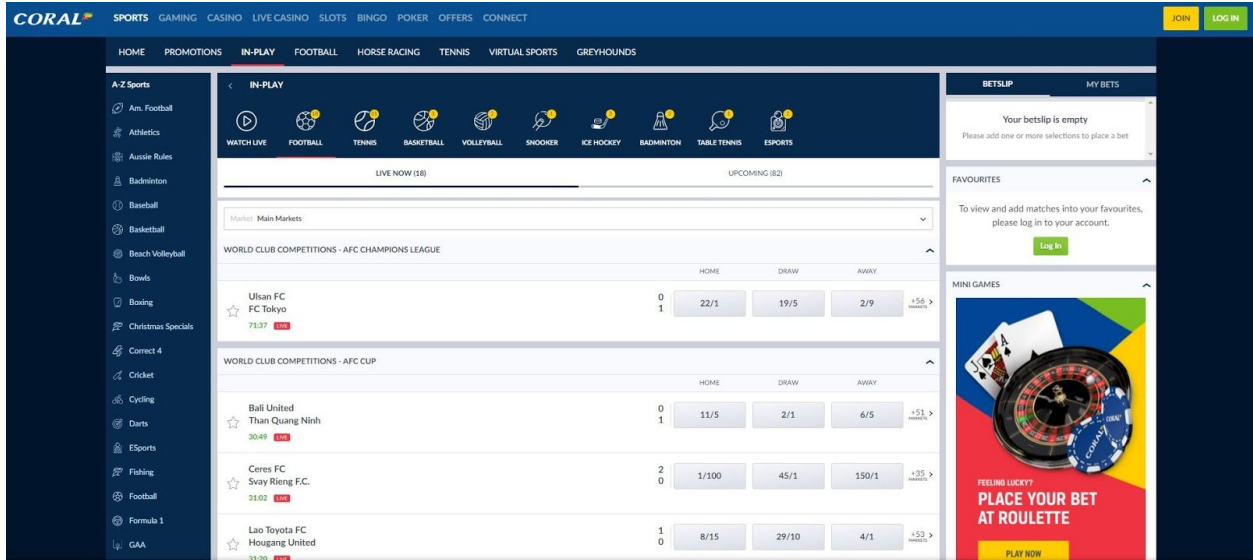

## Casino games

This being an old, established bookmaker, it should come as no surprise to learn that Coral has an immense range of games on offer. Popular titles like *Premium Blackjack*, *Eye of Horus*, and *Starburst* are here in full regalia, and there's even a ticking calculator on some of the games that shows how much the jackpot currently stands at. Coral's range is second to none, so no matter what you're up for in terms of slots and casino gaming, you'll find it here.

9/10

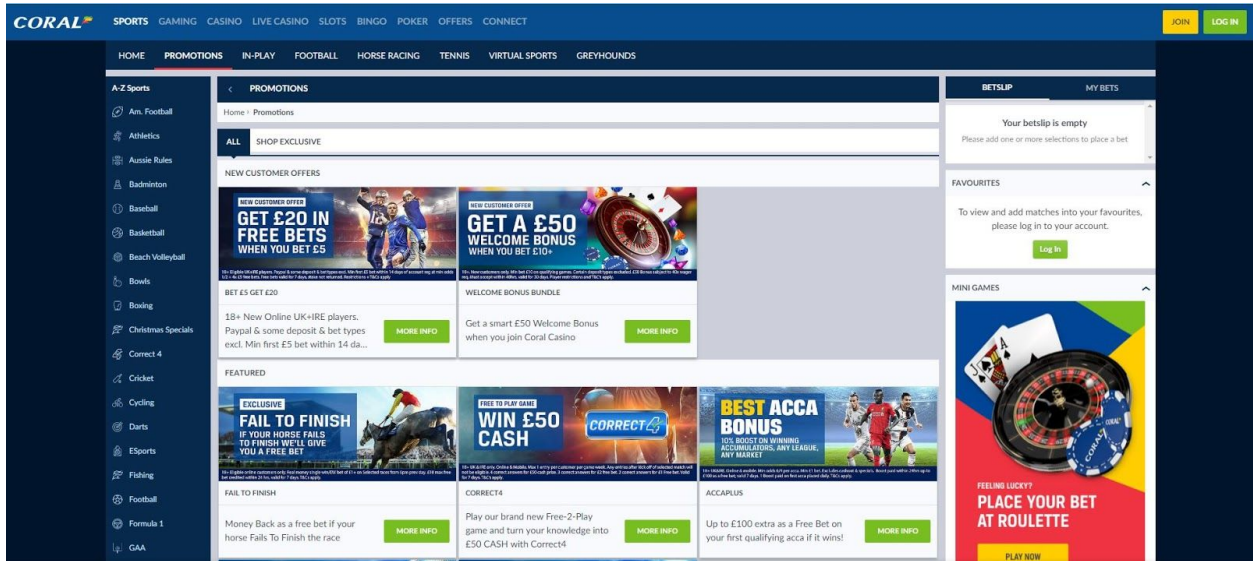

## Sports betting

If you're looking to place a bet on a sport, Coral is the place to be. Again, the slightly confusing layout does it no favours, but the truth is that Coral has a huge range of sports to bet on. From football to badminton and darts to esports, you'll find anything you want right here. The live betting function is also excellent; Coral sorts its games into those being played now and upcoming games, allowing you to keep track of whatever game you're betting on in real time.

9/10

## Promos and incentives

Coral is one of the best bookmakers around in terms of new bonuses and promo incentives. At the time of writing, if you bet £5, you'll get £20's worth of free bets. You will also get a £50 welcome bonus if you bet £10 or more. Promos and incentives change on a regular basis, but Coral has an excellent range, from fail-to-finish horse racing bonuses to extra accumulator funds. You're in safe hands with Coral if you're looking for extra reasons to place your bet.

9/10

## Withdrawals and deposits

The screenshot displays the Coral website's sports betting interface. At the top, there's a navigation bar with categories like SPORTS, GAMING, CASINO, LIVE CASINO, SLOTS, BINGO, POKER, OFFERS, and CONNECT. Below this, two darts matches are listed: Gary Anderson v Peter Wright (20:30, 13 Feb) and Glen Durrant v Fallon Sherrock (21:30, 13 Feb). Each match shows odds for different bets (e.g., 9/5, 3/1, 11/10) and a 'SMART BODDIE' button. A search bar below the matches suggests categories like BYB, PROMOTIONS, IN PLAY, TENNIS, FOOTBALL, HORSE RACING, RUGBY WORLD CUP, and VIRTUAL SPORTS. The footer contains 'HELP & INFORMATION' links, 'Coral Online and Shop Support' links, 'Payment methods' (including Visa, Skrill, Neteller, PayPal, Paysafe), and various regulatory logos like GBGA, GamCare, and the UK Gambling Commission.

A wide range of payment methods and options are supported by Coral. There are all the usual card options, of course, including Visa and MasterCard, but there are also a host of other ways to make deposits and get paid. PayPal - still arguably the safest and best way to make transactions online - makes an appearance, but there's also PaySafeCard and Neteller, among others. All of these methods have a £5 minimum and no maximum amount, and they're all instant.

8/10

## Security

Coral takes security very, very seriously indeed. The website's excellent FAQ section contains exhaustive and extensive information regarding the security of your payments and withdrawals. There's a good reason that Coral is such a huge name in the world of online (and brick-and-mortar) bookmakers, and that reason is the company's devotion to making sure your payments aren't mishandled. If a problem does occur, the excellent customer service team will ensure it's dealt with promptly.

9/10

## Safety and health

The screenshot shows the Coral website's navigation menu on the left and the 'RESPONSIBLE GAMING' section on the right. The navigation menu includes categories like GENERAL INFORMATION, RESPONSIBLE GAMING, SPORTS, and POKER. The 'RESPONSIBLE GAMING' section is expanded, showing a list of links: OUR APPROACH, OUR POLICY, HELPING YOU STAY IN CONTROL, DEPOSIT LIMITS, TIME-OUT AND SELF-EXCLUSION, ACCOUNT SAFETY AND TERMS AND CONDITIONS, OTHER SOURCES OF HELP AND SUPPORT, and WHAT IS GAMSTOP?. The 'OUR APPROACH' link is selected, displaying the following text:

**Our Approach**

Millions of customers around the world bet with us every year — they like the excitement of having a small flutter and the thrill of winning. Betting and gaming are an enjoyable, sociable and memorable way to spend time; that's why it continues to be so popular. However, unfortunately, for a small percentage of people, gambling ceases to be entertainment and can cause personal, social, financial and even health problems.

It is our responsibility to help our customers gamble safely and responsibly, and reduce the risk of harm and help people who need treatment to get it.

This is why we have developed a new, safer gambling strategy, 'Changing for the Better'.

The guiding principle of our safer gambling campaign is to be the most trusted and enjoyable betting operator in the world. We are putting customers at the heart of our business by ensuring they are protected from harm while enjoying their regular flutter. For more information about our strategy, please see our [policy page](#).

This page was last reviewed and updated: December 2019

Again, the excellent FAQ section on Coral's official website details its policy regarding responsible gambling. Coral is regulated by the Gambling Commission of the United Kingdom as well as the Gibraltar Gambling Commissioner. Under these rules, it must provide assistance to those suffering from gambling problems, be completely transparent, and ensure that nobody below gambling age is able to use the site. This is the bare minimum, but Coral adheres to it admirably.

## Conclusion

If you're looking for a reputable, high-quality betting website that offers excellent rates and good payment and withdrawal options, Coral is a very safe bet. Its design is a little busy and bland, but its selection of sports and casino games is absolutely dizzying, befitting one of the biggest gambling brands in the UK. The new player promotions are outstanding, and the revolving door lineup of great continuing incentives should keep you around long after you place that all-important first bet.
